FEBRUARY Newsletter

Hello everyone,

Well I hope everyone had a wonderful Christmas and will have the very best 2014.

As a group we can look forward to another active and fun filled year at the Art House. To get your creative juices going we have started organising workshops for the coming year, starting with Eddie Beer and Leesa Padget. More information on both of these are inside our newsletter. Eddie is our featured artist in What's on my Easel section and his workshops are always immensely popular. Leesa won multiple awards at our Annual exhibition in 2013 and she will be teaching us how to use mixed media on canvas, also using glad wrap and other things for effects. There will be a notice in the Shed where you will be able to put your name down for these workshops.

We are going to be keeping the Shed, Artsource have agreed to renew the lease on the House and the Shed, great news as we really need the Shed to continue our program of classes and workshops.

We need to organise a busy bee to tidy the gardens and around the house on Sunday 9th Feb from 9am until finished, any time you can spare would be greatly appreciated, more hands make light work. This will tidy everything p for our upcoming Easter Fair. We are having a bulk junk collection the weekend before so this will also tidy things up a bit.

All the very best, and hope to see at the next meeting.

BUSY BEE AT THE ART HOUSE

As Dot mentioned in her message a busy will be held at the Art House on Sunday 9th February to tidy up the gardens and verandas at the House, we need to have this now and then as these jobs build up and is too much for the few members who very kindly do lots of work around the House on a regular basis. Our Easter Fair is just around the corner and we want it to look nice. Thanks in anticipation ☺ just come along or ring Dot on 0409 921 838 or email dot@dotmarshall.com

WHAT'S ON MY EASEL: Eddie Beer was born in Perth 1948. He left school at 14 years old, to train in visual display and set design. At night he continued with studies in art/design and ticket writing. At the age of 19 Eddie travelled to the North West to work and fell in love with unseen parts of Western Australia. In between jobs as a carpenter and artist he explored the landscapes of the vast north as far as Darwin. It was in 1968 he first visited Broome. After travelling around Australia, New Zealand and Indonesia he returned to the two areas he loved, Perth and Broome. Living between two places gives renewed inspiration for painting. Although he uses all mediums in art, Eddie now paints Australian landscapes and the Kimberley mainly in acrylic. The colours and atmosphere of the Kimberley are an exciting challenge to capture on canvas. Eddie's works have been sold nationally and internationally. Eddie has had solo and group exhibitions in Broome and Perth.

Highly Commended Shinju Matsuri Art Awards and the Peoples Choice Armadale Society of Artists Annual Exhibition.

Wendy grew up on a dairy farm in the beautiful town of Denmark, South Western Australia and from an early age developed a keen interest in animals and the outdoors. Wendy is the author and illustrator of the hugely popular Stripey series of children's books. Wendy has three children's picture books published 'Where's Stripey?', 'Scrambled egg' and her latest, 'Invisible Me'. In addition, a 'Stripey Activity Book' has been produced to accompany the first two story books.
